ELECTION TIME

. . . knocks on our door Saturday, June 1 when opponents in two races vie for the spots in the western half of the county, while over in the eastern half of the county some local interest comes about in the Commissioner Precinct 4 race.

Democratic nominees will be decided in the 45th Legislative District where Don Rains, the front runner in the May 4 elections, will fight off Jim Green; and in the 21st Congressional District where State Senator Nelson Wolff of San Antonio will see if he can maintain the May 4 lead over challenger Bob Krueger of New Braunfels.

The important race for Medina County in Saturday's election is the State Legislative battle between Rains and Green. So it is imperative that we exercise our right to vote and throw our support behind Rains.

The Anvil Herald supported Don Rains on May 4 and we continue to believe that he is the man for the job we need done. Now, in the 21st Congressional race, I would say think about fishing if I didn't feel so strongly about Americans voting. You take your pick between Wolff and Krueger. I don't believe either one will set the house on fire helping Medina County if they get to Washington, but I will vote for the one I believe to be a shade better than the other.

But let's do vote, please.

THE ESTATE NATIONAL BANK

. . . of Poorsville, Taxes is the beginning of an invitation for all interested persons to attend the Estate Planning Seminar slated for the nights of June 10 and 11 in Hondo.

This clever bit of prose [and would you believe it was created by the number one and two Aggies in the county--the two who sit over in the Extension Agents office] goes on to resemble a check which shows \$100,000 in estate taxes being paid to Uncle Sam.

And the signature is very fitting to some estates that were not planned--the name is: I. M. Broke.

The back side gives all the details on the upcoming seminar. If you have received one take heed and attend. If you haven't received one attend the seminar anyway.

STILL ALIVE

. . . would seem to be the gist of the info passed on through the Commissioners Court this month pertaining to the Seco Water Shed Project.

The tid-bit from the minutes shows that E. W. Wehman, a member of the Texas State Soil & Conservation Board, came over from Pleasanton to discuss the subject.

He stated [and I quote]: "that this project is not dead." And he suggested the plans be re-activated with the dam sites on the Seco being changed or moved to different locations.

AN ACT OF LOVE

. . . is the description given to the upcoming Blood Drive in Hondo. If you haven't signed on for this "lending hand" project, then find a sign up sheet and do so. Then be sure you'll be around on June 21 and 22.

ONE OF THE SEVERAL

. . . mistakes we made in our graduation page last week was putting Johnny Wilson in a different business. Johnny still owns and operates the Hi Way Drive Inn. He has not moved to The Dutchman, because George L. Brucks still owns and operates that place of business. So if you go into The Dutchman don't expect to see Johnny; you'll still find him west a few blocks at the Hi Way Drive Inn.

We attempt to give everyone an opportunity to be on a graduation page, but sometimes we just fail to contact them. We're sorry if we missed anyone.

A NOTE TACKED

. . . to the nursing station at the new nursing home of Leisure Lodge, Inc. here in Hondo says: "Hello to all our hometown folks in Hondo from the Mendoza Brothers at Flanders Metal Co. in Fort Smith, Arkansas."

The note was attached to a piece of furniture which came from Fort Smith and came from Alex and Robert Mendoza who are brothers to Tony and Johnny Joe who have been associated with us at the Anvil Herald for many, many years.

REMEMBER, NOW

. . . in the upcoming days and weeks remind yourself to take an interest in how our country is run by voting; take an interest in how your estate will be handled after you're gone by attending the Estate Planning Seminar; and take an interest in your fellowman by giving blood on June 21-22.

Nursing home to open

A large addition to the health and geriatric care of Medina Countians will be completed Sunday in the form of Leisure Lodge Hondo, at 3002 Ave. Q. The 118-bed nursing and conva-

lescent facility will provide the best in health care, and will be licensed under Type III for nursing homes. Open House will be held between the hours of 2-5 p.m. Sunday, June 2. On hand for the opening of the

facility will be Jay Smith, Texas Supervisor for Leisure Lodges, Inc. The home will begin to accept patients on Monday morning. Although the original work force will be smaller, the eventual work

force will add between 50-60 jobs to the Hondo economy. Many of these will be in the form of nurses and aides, as well as technicians. The Leisure Lodge will provide the latest in health and safety protection as required by state and federal regulations.

Leisure Lodges, Incorporated is a firm based in Fort Smith, Arkansas. This firm, which specializes in building and operating nursing and convalescent homes.

The Hondo Leisure Lodge will be the 56th facility in Texas operated by the firm, and the 45th to be constructed by them. Other Leisure Lodges are in operation in Pleasanton and Devine, and another is under construction in Pearsall.

The Hondo Leisure Lodge is built in popular wagon-wheel design which allows all 118 beds, located in six diverging spokes, to be monitored from a single nurse's station at the center, or "axle", of the wheel.

General Contractor for construction was R. W. McDonnell Construction Company of Abilene. Local contractor was J. L. Geiss of B&G Construction Company, Abilene.

Water supply receives O.K.

Hondo's public water supply system has received a "clean bill" report from the Texas State Department of Health, according to

a letter received by Mayor J. G. Barry.

The letter from Thomas D. Tiner, P. E., Chief Domestic Water Supply Branch, Division of Environmental Engineering, stated:

Dear Mayor Barry:

On April 17, 1974, our representative, Nicholas H. Fohn, R.S., in company with Roy L. Long and Lloyd Hermes, conducted a sanitary survey of the public water supply system serving the City of Hondo.

The report received covering this survey indicated that the water system presented an attractive appearance and that the requirements for continued Texas State Department of Health approval are being complied with.

We wish to express the thanks and appreciation of our representative for the courtesies extended during the survey.

Sausage Supper ready

Sausage lovers can have their fill at Hondo City Park Friday evening, courtesy of the Hondo Volunteer Fire Department's annual Sausage Supper.

Serving at the annual fund-raising event begins at 6 p.m. Price for the plate of good tasting sausage and all the trimmings is only \$1.75 per plate.

"Come on out and bring the kids," a department spokesman said. "We'll have the big red firetruck there for them to see."

Proceeds from this annual event go toward the purchase of equipment for the department.

Estate Planning Seminar slated

All planning is complete, the speakers have accepted their assignments and all the June 10-11 Estate Planning Seminar needs is interested people.

The event is scheduled for the McDowell School Cafeteria under the co-sponsorship of the Medina County Program Building Committee and the Hondo Chamber of Commerce.

Frist night activities will have

Rene Aelvoet as master of ceremonies. Subjects and speakers include: Highlight on Need for Estate Planning, Tom Prater; Inventory of Assets, Glenn Fisher; Definition of Community and Separate Property, Clyde Haak; Texas-Federal, State Gift Taxes, John Winn.

Bruce Foster will be MC on the second night and this will cover: Wills-Laws of Descent and Distribution, Eugene McElyea; Liquidity, Odell Frazier; Trusts and Guardianship, Carl Hudgins.

Both nights will feature a question and answer period.

Castroville

park opening on Sunday

Everything is in readiness for the opening of the Castroville Regional Park Sunday afternoon.

Official opening ceremonies are scheduled at 2 p.m. following a barbecue dinner from 11 a.m. until 2 p.m.

From 2:30 p.m. until seven that evening there will be plenty of games, fun, music and food for everyone to have a fine time.

Blood donors given info on drive

With sign up sheets scattered in business places all over town no one can say they didn't know about the Blood Drive slated for two days in Hondo June 21 and 22.

And if you are wondering if you can give blood then perhaps the information supplied by the Junior Service League will help you make up your mind.

Anyone between the ages of 17 and 66 can give, with the 17-year-olds needing a permission slip signed by a parent.

You can donate if: diabetes is controlled by diet, there has been

no symptoms of malaria within three years, allergy shots are taken at least 72 hours prior to donating, pregnancy is not past third month and delivery is given at least six months prior to donating, antibiotics are taken no sooner than two weeks prior to donating.

Persons can give who do not have a history of the following diseases: hepatitis, jaundice, internal cancer surgery, medication for high blood pressure, heart disease, diabetes controlled by insulin or tablets, weight under 110 pounds.

OLD YOKE . . . Homer Rothe holds an old oxen yoke he found on the Henry Rothe ranch on Rothe Hill. He has placed the yoke on loan to the Medina County Museum. Rothe said he "had the yoke on display at the museum in Del Rio, but decided why not put it in the Medina County Museum.

Old ox yoke finds it's way back to Hondo

The ox-yoke recently loaned by Homer Rothe to the Medina County Museum may represent more than just another antique. It is a key to the history of the county, and it might just be the very means by which the Rothe family arrived here.

It is old and decayed now; its massive hickory crossbar has been weakened by termites, and the iron ring in the center is worn from repeated pulling. The once-golden wood is darkened from its frequent past contact with

a sweating beast of burden.

It was an ox-cart-perhaps one using that very yoke-which brought the Rothe family on the final leg of their immigrant journey in 1854.

Henry Rothe, grandfather of Homer, was only 14 at that time. He and his family had left Warmer Steinach, near Bayreuth in Bavaria, to seek a new life in frontier Texas. They boarded ship from Europe, and landed on the Texas coast at Indianola.

From the coast to a small tract north of Castroville on the Medina River, they jolted over a rough trail in an ox-cart.

Poor at first, the family built their land holdings into a ranching empire unrivalled in the area. Additionally, Henry Rothe entered business in Hondo and built a large home atop a hill on the western edge of town.

The old yoke hung in that house, remembers Homer, until after his grandfather's death in 1918.

The house has since burned down, but the yoke remained in the family until Homer loaned it to a Del Rio museum while he lived there.

Now the old wooden piece has completed its journey home, and will be on loan to the Medina County Museum in Hondo.

Mr. Rothe is to be commended for bringing that piece of family and frontier history to life again in Hondo.

Another busy week here, what with all the area celebrations going on. Bandera's blast last week was a big success and here are a few to enjoy in the near future: Uvalde's A-Rama Celebration will be June 1 and 2 (that's Saturday and Sunday), and will include barbecue, games, food, and fun galore. Kendall County's Berges Fest will be held June 13-15 at Boerne, and last but not least is the Medina County Rodeo coming up June 7 and 8.

Letters went out all over the place last week, including 39 deer-hunting letters to all parts of Texas and points beyond. We got quite a few, too, and here are a few:

Letter from past may help Museum

By Burnis Lawrence, Publisher

From out of the past came a letter this week which in the long run might provide some national publicity for the Medina County Museum.

And behind the letter lies a story.

Four years ago in August of 1970 this writer and his wife Patricia were returning from Kerrville on Sunday, August 3, in time to eat at the D'Hanis Church Homecoming.

At that time the old SP depot still stood downtown. Museum Day had not been held, but was scheduled for August 22.

As we passed the depot we saw a man taking pictures. His wife sat in a nearby car which had Kansas license plates. So we decided to be "hospitably Texans" and stopped to talk.

Alden Krider told us he took pictures of every old depot he could find because it was an architectural symbol that was fast fading into oblivion.

We invited the Kriders to D'Hanis where we all enjoyed a visit over a fine meal. Following the meal they continued their journey to Old Mexico where he was going to "dig among the ruins."

Pictures of Mr. and Mrs. Krider were run in the Anvil Herald and sent to him at Kansas State

University, where he is a professor of architecture. That was the last we heard from him until this week when the following letter arrived, along with the material he describes:

"Dear Mr. Lawrence: The xerox copies enclosed are from the April issue of Preservation News. They brought back vivid memories of the delightful, if brief, visit with you and Mrs. Lawrence in Hondo and d'Hannis in August, 1970.

"The Preservation News article has no mention of smaller projects such as your conversion of the Southern Pacific depot (Railway Station to easterners!) to the Medina County Museum. Of course, space is a printing factor, but I doubt if they know of the Hondo, Texas project.

"Do you have before and after shots of the station and museum, as well as other descriptive material which could be sent to the National Trust? Many structures of modest size are lost because of feelings that only large, historic buildings are worthy of preservation, or recital of successful ventures such as that in Hondo might help others to do likewise.

"I am having a copy of the April issue of Preservation News sent to you.

"Please give our best to your wife.

Sincerely,
Alden Krider
Professor of Architecture
Dr. Krider, you can rest assured we will follow through on your suggestion and send material on our Medina County Museum for possible publication.

We would also like to say that if you get the opportunity to pass this way again on any journey, stop by and see our old depot. Five Museum Celebration Days after you were here have enabled the board to do tremendous things in preserving the "railway depot architecture" as well as a fine history of our county and its immediate area.

Y'all come see us again, heah!

LIBRARY NEWS

Hondo Public Library has issued its 5,000th membership card, it was announced at the Board of Trustees' meeting on May 21 by Lottie Maw, librarian. Holder of this card is ten-year old Ruben Arias, 1307 Avenue E.

Attending the Board meeting were Virginia Clift, chairman; Nancy Buescher, vice-chairman; Gladys Knowles, Mrs. M. L. McDowell, Guadalupe Alvarez, Mrs. Maw, Ina Mansell, secretary, and Patsy Ulbrich, representative to the Board from the Junior Service League.

Memorials to Mrs. Millie Fly were contributed by Anne B. Davis and Sally Brucks. Another memorial to Mrs. Charles Schuele was donated by Ina Mansell, Mabel Holloway and Lottie Maw.

Many magazines have been brought in by Lil Porter, Lee Murphy, Mr. and Mrs. John H. Poerner, Mr. and Mrs. Norman Buescher, Mr. and Mrs. George H. Retherford, Mr. and Mrs. O. M. Redus, who also placed on display a pretty spring bouquet, and the Paul Reilly family. Glenna Reilly also gave picture books, candy for

the young readers and daily flower bouquets.

Other recent donors include Mrs. Otto Mainz, books and magazines; Mildred Teague, paperbacks; Mr. and Mrs. Bernard B. Owens, magazines and books; Bernard B. Owens Jr., books, paperbacks and magazines; Darlene Weimers, Readers Digest Condensed Books; Mrs. Parker Hanna, books and paperbacks, and Georgene Deckert, paperbacks.

More gifts have come from Susan Zuberbuehler, novels and paperbacks; Catherine Gross, mystery books and magazines, and Mr. and Mrs. Hugh Meyer, numerous books, paperbacks and Spanish books.

"The library is most grateful for their continuing donations of reading material," says Mrs. Maw. "It would be wonderful if we could only persuade those readers holding overdue books to be as generous."

Library hours are 11:30 a.m. to 5:30 p.m., Monday through Friday, but the bookdrop can be used at any hour to return books.

This Unsolicited Letter Was Mailed by a Prominent New Braunfels Businessman to 15 Friends Throughout West Texas.

May 13, 1974

Mr. Bob Tindall
c/o Tindall's Mens Wear
15 W. Beauregard
San Angelo, Texas 76901

Dear Bob,

I don't believe you have ever heard me speak, one way or the other, about politics or politicians.

I saw no reason to take up your valuable time nor mine on a matter that I felt neither of us, personally, could do anything about.

However, for the first time, I am in a position to set the record straight, truthfully, before an election, for something I know is right and sound the alarm on something I know to be wrong—for me, my family and the voters of the 21st Congressional District.

The main purpose of this letter is to plead for your vote and personal support for Nelson Wolff, in the run off election in June, against Bob Krueger.

Nelson Wolff, in my opinion, is the only qualified candidate. His background in the Texas Legislature, his proven ability as a successful businessman in San Antonio, caused O. C. Fisher, the retiring Congressman from this district, to pledge his full support for Nelson. O. C. Fisher was a confirmed conservative, by his record, and so is Nelson Wolff.

Nelson Wolff is and has been a full time resident of the 21st District. He is keenly aware of not only the needs and desires of this district but is also completely available to listen to suggestions and ideas of this districts voters.

Now let's analyze Nelson's opponent, Bob Krueger. Bob Krueger has his assets and his definite weak points.

I have known Bob Krueger and his family for over 30 years. Both personally and in business dealings. I have no personal vendetta to settle with him or his family—but only to let you know the truth as it is.

Bob Krueger is a nice, naive, personable person, a very persuadable person, with a credible education in the field of English and English literature. A very competent English Professor at Duke University.

Bob Krueger has not lived in the 21st Congressional District since 1953, when he left to go off to college, get his education in the art field, and return only 10-12 months ago, after the death of his father.

One year residence is hardly time to know the specific needs of the 21st District, a very large one.

Page 2

Bob's background and credentials for public service are unbelievable. I know of no time that he served as a member of a Chamber of Commerce anywhere, nor a Rotarian, nor a Lion or any civic club.

To resign from a professor of English to return to his first home, to jump into politics and survey the family fortune with no more background than he has for the job—plus the fact that he claims to be a rancher, businessman and a qualified candidate for public office—could only be a ludicrous act.

Bob Krueger is on record as being a competent, knowledgeable rancher-fiction-outright lie—He was raised in New Braunfels, Texas, the city—He would go occasionally, on week-ends and summer to a ranch owned by his father and uncle Ben Krueger. His uncle bought out his fathers interest and since then, his father never owned another ranch. Last February, this year, evidently because he was catching a lot of criticism on this boast, used the money left by his father—not monies he earned as a professor—to buy a 1100 acre farm and ranch in East Texas to back up his credibility as being a rancher.

This same claim to fame as a businessman holds true in his announcement of big business.

Take the Automobile Agency his father operated. Unless he can explain why; the only knowledge of this agency he had was—1) he came home at Imas and picked up a new car—and maybe a dividend check for what nobody knows, then back to Duke University.

Knowledge of the Hotel his father owned was limited to the profit and loss statement.

This also holds true for the Comette Hosiery Mill which was owned by his father and well managed, without his help or opinions.

Mr. Krueger also held a vast securities portfolio, plus interest in S.I.C. Bob Krueger had nothing to do with the management or "mental gymnastics" which it took to make them successful.

Mr. Arlon Krueger, Bob's father, was a good businessman who believed that experienced people were necessary in running a successful business. Knowing him as I did, I honestly don't believe, that were he alive today, he would have gone along with and encouraged Bob to try and get a top job with Bob's experience. Muchless fund the hundreds of thousands of dollars he has spent to get his name known—Mr. Krueger was smarter than that.

Thank you for reading this long letter. It took a lot of time to compose and write it. I feel it is very important to you and me. We have enough, too many, unqualified people in Washington. Why should you vote for another one, when knowingly, Bob Krueger is unqualified, unproven and dangerously close to spending enough inheritance to make people believe he is something that he is not.

With kindest personal regards to you and yours, I remain, your friend,

Smoky

by Edna McDade

FARRIER seems to be as good a subject as any with which to open this column when my thoughts insist on going off wool-gathering and refusing to settle down to the business of this weekly commitment.

A classified ad which has been running for some time in this weekly newspaper has caught my roving eye and piqued my interest. It reads: "Horseshoeing & Trimming . . . BARBARA TALLY, Hondo or Castoville. . ."

A woman farrier! Even if I did have to call on the dictionary to explain just what farriers do. I learned that farriery is a 2,000-year old trade, now much in demand.

Texas has almost as many horses as people [the percentage of horse-sense distribution among us bipeds and quadrupeds was not specified] but, also worthy of note, is the fact that Texas now has at least three schools where the art of farriery is taught. It must be an art.

Many blacksmiths also shoe horses but the trade relates to ironmongery and the blacksmith does all types of iron work.

A farrier deals only with horseshoeing and other horse-pedicuring details.

Someday maybe I can visit Barbara Tally and learn more about what sounds like a most unusual trade for what used to be known [before the days of Ms and eliminating the noun MAN from our bewildering vocabulary] as "the weaker sex."

Now to giddyap to the next paragraphs:

The program topic of the May 14 meeting of the Iota Upsilon Chapter of ESA was "I'd like to Teach the World to Sing". A big order, in my unsolicited opinion.

Mrs. Bill Young, Mrs. Jimmy Gray and Mrs. Bill White who presented the ambitious-sounding topic would have thrown in all the song books had I been among the tyros they were setting out to teach.

I can't carry the proverbial tune in the proverbial bucket. So, as I only bet on a sure thing, I'd bet I'd be a hopeless case as a singer.

An appropriate song for the trial performance of teaching the world to sing, where I'm concerned, might be "STOP, World, I want to get off!"

I always read reports of the HONDO GARDEN CLUB meetings with interest and appreciation for the accomplishments of these busy women and the many contributions they have made for the civic good.

I have known the new president, Mrs. DOUG MOGFORD, since her just-a-little girl days and am inclined to be "prejudiced" in her favor since she is the niece of Miss OPAL McALLISTER of San Antonio with whom I share next-day October birthdays and whom I have known since her own starting-to-school days.

Of course, there is more than just next-year discrepancies in the matter of birthdays but Opal and I are only a matter of decades removed.

By now, the Loving Blue Birds have had their traditional and very meaningful annual Fly-Up Ceremony. This is the sort of experience that puts lumps in the throats of devoted parents who can't imagine how their own little Blue Bird suddenly grew up with wings strong enough to fly up to Camp Fire Girl status.

Such things also happen when a Cub Scout suddenly outgrows the uniform of that junior status and becomes a full-fledged Scout. This I know from long-ago experience.

That the fledgling LBB group brought the required "one dozen cookies per Blue Bird" and that LAURA [Mrs. John R.] WENTZ and her BB Group discharged their responsibilities as punch-providers I have not the slightest doubt.

You can always count on Blue Birds . . . and Laura Wentz.

Come June 1 and 2, it will be time for Father to do his bit. Lad-Dad Days will be observed by the Webelos Division of Cub Scouting.

Troops and their elders will be making the welkin ring in the general vicinity of Indian Creek Scout Camp. Ingram. This time Daddy JOHN WENTZ and his son, JIMMY, will share the experience and I am sure it will be a memorable one.

"A Scout is. . . ." I have forgotten the exact wording of the Scout pledge or motto but I would add this: "A Scout is a fortunate young man in the making."

Because my "few scattering remarks" always seem to lack terminal facilities, I keep this wise observation [Blaine Pascal-1657] pasted on my Electra 120 SCM: "I have made this letter longer than usual because I lack the time to make it shorter."

Once I do get down to assembling verbiage, I find it easier to keep going than to know when to stop.

This week, my mind and heart are spending round-the-clock time with my son John who is in a local hospital being "groomed" [he says, for surgery]---and anyone who is a mama knows how mamas are at such times.

SO, you will understand the hop-skip-jump tone of ALL SHE WROTE and, by next week, maybe my SONshine will be back, and I can return [like the Walrus] to talk of other things, such as SHOES [the price of?] and SHIPS [many are in Port here daily] CABBAGES [now in plentiful supply] and, if I can find out . . . "whether pigs have wings."

I like this [borrowed from somewhere]: "You can no more do what you have not prepared for doing, than you can go back to where you have never been."

Miss Mumme, Mr. Roeder wed

Miss Linda Kay Mumme, daughter of Mr. and Mrs. Alfred Mumme of Center Point, Texas and Danny Joe Roeder were married May 11, 1974 at Zion Lutheran Church in Kerrville.

Mr. Roeder is the son of Mrs. Marvin Seewald of Tivydale, Texas and the late Ruben Roeder of Mountain Home.

Reverend William Hill of Harper performed the double-ring ceremony.

The church was decorated with white floral arrangements of gladioli and mums. Candelabra were wreathed in vining greenery.

Mrs. Guy Burney, organist, accompanied soloist Mrs. Frank Thomason, Jr. in a medley of songs before the ceremony.

Mrs. Thomason sang "We've Only Just Begun" and "The Lord's Prayer" during the ceremony.

The bride was given away by her father.

The bride wore a high neck gown of silk organza and Venice lace. The bodice featured a see-through yoke, and a crystal-pleated V outlined with Venice lace. The full wide cuff sleeves and Empire full skirt with extending train completed the dress. A mantilla styled crown illusion veil edged in brussels lace daintily flowing blusher was worn by the bride. She carried a Victorian bouquet of white mums, white stock and greenery, and ribbon.

Matron of honor was Mrs. Jerry Pfister, friend of the bride, from Kerr-

vile. She wore an Empire waisted gown of lavender knit-crepe bodice and skirt with matching sheer dotted swiss long sleeves and self-covered buttons accenting the V-neck design.

She wore a matching hat and carried a Spring bouquet of mums in pastel shades, accented with flowing matching ribbons.

Bridesmaids included Miss Cheryl Sevey, friend of the bride, from Center Point; Miss Debra Perkins, friend of the bride, from Center Point; and flower girl Shannon Roeder, niece of the groom, of San Antonio. She wore a long jumper of lavender knit with sheer long sleeves. She carried a white basket with spring colored petals.

Best man was Roger Roeder, brother of the groom of San Antonio. Groomsmen included Ronnie Behrens of Harper and Arthur Moellendorf of Ingram. Ushers were Sherman Mumme of Hondo and David Moellendorf of San Antonio.

A reception was held following the ceremony in the church annex.

House party for the reception included Mesdames Dorothy Schulte, Zella Mae Mumme, Barbara Roeder, Betty Moellendorf, Linda Uecker, Donna Witt, Cathy Itz, Deann Schulte, Susan Lange and Sandra Schweers.

The bride's table was decorated in white gathered net, which seated a three-tiered wedding cake. The centerpiece was pastel

mums accented with pastel ribbon and greenery.

The groom's table was decorated in eggshell gathered lace tablecloth which seated the German chocolate groom's cake. The bridesmaids' bouquets served as a centerpiece.

Cake was served by Mrs. Dorothy Schulte and Mrs. Betty Moellendorf. Punch was served by Mrs. Zella Mae Mumme and Mrs. Barbara Roeder. Miss Deann Schulte, cousin of the bride, presided over the bride's book.

For a traveling costume the bride wore a lavender knit street-length dress with white collar, and accented with appliques of lavender trim. Her accessories were white.

After a short wedding trip, the couple will make their home in Ingram.

The bride is a 1973 graduate of Center Point High School and Parrish-Draughon's Business College, and has been employed at the Olmos Park City Hall in San Antonio.

The groom is a 1973 graduate of Harper High School and Parrish-Draughon's Technical Institute in San Antonio. He will be employed at T. J. Moore Lumber Yard at Ingram.

Out-of-town guests were from Hondo, Center Point, Harper, San Antonio, Ingram, Amarillo, Tivydale, Fredericksburg, Austin, Uvalde and Indiana.

The rehearsal supper was given by Mr. and Mrs. Marvin Seewald at the home of Mr. and Mrs. Arthur Moellendorf in Ingram. The turkey barbecue supper was served "Yard-Party" style on May 10 following the rehearsal.

Grandparents of the bride are Mr. and Mrs. Ernest Mumme and Mr. and Mrs. Andrew Schweers, all of Hondo.

COMMENCEMENT TIME
AN END AND A BEGINNING

Although the month of June usually marks the end of the regular school year it is also the beginning of a whole new life for the many young people who will be graduating. We can't help but think of all the new pharmacists just finishing their formal education and starting their careers in earnest. It brings back thoughts of our own graduation and the time that has lapsed since.

Many changes and new discoveries are constantly occurring in the field of medicine but one thing remains the same, our appreciation of the chance to serve you. We regard it as a privilege that you have entrusted your health care to us. We hope to serve you for many years to come.

"A GREAT MANY PEOPLE EN-
TRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy? We welcome requests for delivery service and charge accounts."

Everyone needs a will

To be sure your estate is carefully planned, attend the Estate Planning conference on June 10-11. A panel of experts will be on hand to explain all sides of estate planning.

Most people need a will, Mrs. Gaye Bippert, County Extension Agent, says. Anyone with a car, interest in a home, household effects or cash in a bank has an estate-and needs a will.

It's just as important to people in modest circumstances as those with vast estates-and sometimes even more so. If a person doesn't make a will, his property will be distributed according to state law, the agent explained.

As an added bonus, a carefully drawn will sometimes reduces estate taxes. Costs vary for preparing a will-depending on complexity of the estate and plans for distribution. So, before hiring a lawyer to draw up a will, determine his fee, she advised.

Persons with property or possessions should make a will as soon as possible. Later, if desired, he or she can destroy, cancel or change this first will. After all, a person's last will is the legal one, the agent said.

NELSON WOLFF IS ENDORSED BY THESE PROMINENT CITIZENS CONGRESSMAN O. C. FISHER: "Nelson Wolff is a man of character and principle. Conservative minded with an urban-rural outlook. He's our kind of people." JOHN POERNER was quoted by the San Antonio Light on May 7, 1974 in an article which said... "Former said... judging from the people who backed Wolff and the people who backed Krueger, Wolff supporters would philosophically be more my kind of people than Krueger's..." JUDGE JEROME H. DECKER: "I wholeheartedly support Nelson Wolff for Congress. We need a man who understands our problems and knows how to get things done. That man is Nelson Wolff."

Five from county take diplomas at San Marcos

SAN MARCOS -- Five Hondo and D'Hanis students attending Southwest Texas State University received degrees in twin commencement ceremonies held Saturday, May 18, in Strahan Gymnasium.

Hondo students receiving degrees in SWTSU's spring commencement included: Clifton Wiemers, Susan Hinze, Jerry Wiemers and Billy Williams. Maria del Carmen Rodriguez and Irene Rodriguez were D'Hanis graduates.

Wiemers is the son of Mr. and Mrs. Olen W. Wiemers of 1154 28th Street. He received a bachelor of science degree in Physical Education from the School of Education in the College of Professional Schools.

Miss Hinze, the daughter of Mr. and Mrs. Bobby C. Watkins of 810 20th Street, received a bachelor of science in Education in the College of Professional Schools.

Williams, son of Mr. and Mrs. Olin Williams of Route 1 in Hondo, received a bachelor of science in law enforcement from the College of Professional Schools.

Misses Maria del Carmen and Irene Rodriguez are the daughters of Mr. and Mrs. Nicolas Rodriguez of D'Hanis. Maria received a bachelor of arts degree in English from the School of Liberal Arts in the College of Arts and Sciences.

CERTIFICATIONS OF APPRECIATION . . . to these four Hondoans were presented by The Texas Rehabilitation Commission. L. J. McCall, Vocational Rehabilitation Counselor from San Antonio, presented the awards to Kenneth Mahl and Juan Gonzales of Gary Aircraft Corporation; Mary Emma Prescott from the Dairy Queen; A. W. Mooney of Mooney Furniture Shop, and A. K. Flory, Hondo Schools Superintendent.

BLUE BIRD NEWS

The Loving Blue Birds and the Jolly Blue Birds Flew-Up to Camp Fire

Girls Tuesday evening at the Lutheran Church Annex.

The ceremony began at 7:30 with the singing of the Processional, "We Come to the Council Fire". Sherry Marty lit the candle of Work, Johnetta Devers lit the dandle of Health and Michell Heyen lit the candle of Love.

Deena Kay Schur told about this past year as a Blue Bird and what they did to be prepared for new year.

Esther DeLeon told of what was expected next year in Camp Fire. She read the Camp Fire Law and how we would work toward fulfilling it.

Kim Gruber, of the Manuka Camp Fire Group, welcomed both Blue Bird groups into the world of Camp Fire.

Mrs. Alice Schur, leader of the Loving Blue Birds, and Mrs. Laura Wentz, leader of the Jolly Blue Birds, presented the girls their Fly-Up Certificates and the girls from the Manuka Camp Fire Group presented each Fly-Up with a patch for their vest and a red, white and blue corsage, a keepsake for their memory books.

Those girls Flying-Up were Deena Schur, Sherry Marty, Yvonne Dittmar, Lisa Schoellman, Dianna Lindeburg, Norma Carabaja, Esther DeLeon, Inez Ontiveros, Mary Alice Mendoza and Michell Heyen. Stacey Pope, John-

etta Devers, Halley Harrison, Becky Sanchez, Terry Torres, Julie Aelvoet.

Gina Brawley extinguished the flame of Work. Rita Sue Graff extinguished the flame of Health. Mary Lange extinguished the flame of Love. All the groups stood for the singing of the Camp Fire Law and the recessional.

The guests were welcomed and Mrs. Ward Pope, immediate past president of the Camp Fire Council, was introduced. The assistant leaders for both Blue Bird groups were introduced, Mrs. Dale Davis, Loving Blue Birds, and Cindy Mumme, Jolly Blue Birds. The guests were invited to stay for refreshments after the ceremony.

The ceremony went as planned and turned out very well, but we were quite disappointed in the parent participation. We had expected at least one parent of each child to attend for one hour but there was a large number of girls with neither parent present. We, as volunteer workers with Blue Birds and Camp Fire girls work very hard all year to help mold your children into good citizens and responsible young adults. We ask very little of the parents of these children except to come and see them when they are to participate in a ceremony. We hope that in the future we can depend more on the parents of these girls to show them how proud they really are of them.

Area kin is Who's Who

Patricia Lynn Oreschnigg, a senior at H. M. King High School in Kingsville, was recently notified that she is to be featured in the Eighth Annual edition of "Who's Who among American High School Students, 1973-74".

Patty is the daughter of Mr. and Mrs. Walter

Oreschnigg of Kingsville. She is the niece of Mr. and Mrs. W. P. Guinn of Hondo.

Her numerous high school awards and activities qualified Patty for this nationwide honor.

She plans to attend Texas Woman's University at Denton, majoring in Special Education and Occupational Therapy.

Mrs. Haegelin to attend Garden Club meeting

Mrs. Hilmer Haegelin will attend a meeting of the board of directors of San Antonio Garden Center on Wednesday, May 29.

A member of Hondo Garden Club, Mrs. Haeg-

lin will serve as Conservation Chairman for the San Antonio organization for 1974-75.

The meeting will be held at the Ft. Sam Officers Club.

NELSON WOLFF

Gary Saathoff earns scholarships

The Hondo Young Farmer Chapter each year presents an outstanding graduating senior with a \$100 scholarship to help defray expenses of his first year in college.

This scholarship is made possible each year through the deer hide collection.

This year's recipient of the scholarship is Gary Saathoff, Tarpley Star Route, son of Mr. and Mrs. Hugo Saathoff.

He is a graduating senior who plans to attend A&M University, majoring in geology.

Gary has shown outstanding leadership within the chapter and through his productive project program as well.

He was on the green-hand chapter conducting

team his freshman year, state land judging team his sophomore year and the state dairy judging team his junior year. He attended the range camp at Junction last year where he was chosen outstanding range camper and was chosen to attend the National Range Forum in Tuscon, Arizona where he was chosen co-chairman of the national youth group.

He will attend the international range camp in Monterrey, Mexico this fall as a representative of the United States.

Gary Saathoff, son of Mr. and Mrs. Hugo Saathoff, was recently named winner of the 1974 Dekalb Agricultural Accomplishment Award.

The Award, sponsored by Dekalb Ag. Research, Inc., is presented to the outstanding senior in vocational agriculture departments around the country. He was chosen for the award on the basis of his scholarship, leadership, and supervised farming program.

Following graduation Gary plans on attending Texas A&M University and majoring in Geology.

YOUNG FARMERS SCHOLARSHIP . . . this year went to Gary Saathoff (left). Shown in the picture presenting Gary with the check is Hondo Young Chapter President George Gooding.

Johnson now in Turkey

INCIRLIK, Turkey -- Incirlik AB, Turkey, is the new assignment of Air Force Staff Sergeant James R. Johnson, son of Mrs. N. C. Johnson of 1105 30th St., Hondo.

Sergeant Johnson, a radio relay repairman, was assigned to Incirlik from Keesler AFB, Miss. He will be working with a unit of the Air Force Communications Service.

A 1965 graduate of Hondo High School, the sergeant attended Texas A&I University, Schreiner Institute in Kerrville, and San Antonio College.

FFA News

The Hondo High School Ag boys recently completed some of their metal shop projects. Ag I classes have been practicing bending metal and forming letters to make house markers for homes. This year students used gas welding to attach letters to the stands. In past years bronze welding had been used.

This proved to create some problems when mounting the letters on the sign support. Some of the students would get their metal too hot and the letters that were bronze welded would fall apart.

The Ag I boys spent nearly four weeks in shop this term learning to operate the Oxy-acetylene welder and in puddling and gas welding. Most of the students made signs or house markers for their home. Several made a sign for their ranch.

Some Ag II boys built barbecue barrels and cattle feeding hay racks of metal. These boys practiced arc welding before starting to construct their own projects.

OFFICERS ELECTED

Hondo FFA officers for the 1974-75 school year were elected at the May meeting. These officers will be attending a two-day officers training school at Utopia High School June 3-4.

The District FFA Officers Training School is one of the oldest such training sessions in the history of FFA in Texas. The program has operated here in this FFA District since 1938. Newly elected FFA officers attend class sessions to be taught by Voc. Ag. teachers of the District.

Chapter presidents of the District will be instructed by Tom DuBose and Joe Kock of Uvalde, and by Travis Byrom of Natalia.

Vice president of the chapter of the District will be taught by Henry Moss of Devine and Henry Schirmer of Medina Valley. The secretary group will be taught by M. E. Keath of Sabinal and Ronnie Williams of Leakey. The treasurer group will be taught by John McAnelly of Hondo and Charlie Foust of Brackettville.

The reports will be taught by Ervin Klaus of Knippa; sentinels by J. D. Schmidt of Hondo and Mr. Malecheck of Neuces Canyon.

The District Program of Work for 1974-75 school year will be presented and adopted by the group of officers.

Presidents group is in charge of setting of district meetings; vice presidents are in charge of plans and arrangements

for the District FFA Banquet in April 1975; the secretaries will determine the dates and places for FFA Judging and Leadership Contests; the treasurers group will present an annual budget; reporter group will suggest means of giving publicity to FFA and Voc. Ag. activities, while the sentinel group will set up standards for the proper conduct of meetings.

The first session of the District FFA Officers Training School will start at 9 a.m. on Monday

morning, June 3. At this time new District FFA officers will be elected after they have demonstrated their knowledge of parlia. laws.

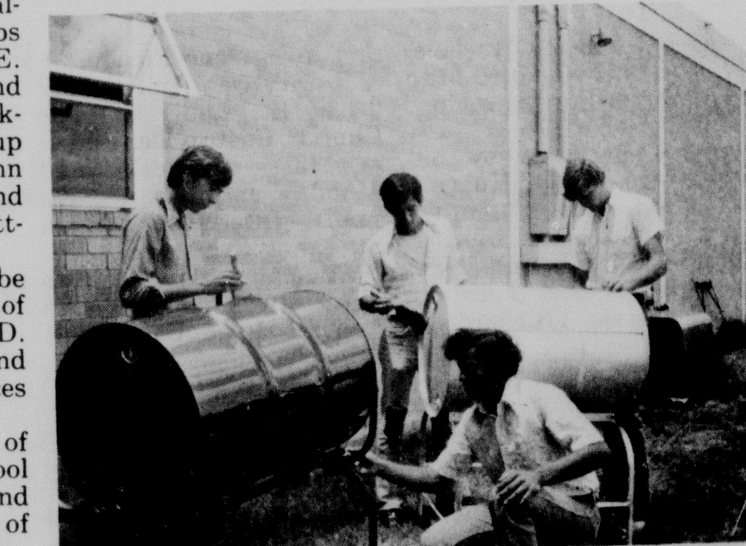

The group will sleep and relax at Utopia City Park while they are not attending business meetings. The Hondo officers who plan to attend at present are Duane McCartney, FFA President; Mike Nester, vice president; Lee Haile, secretary; Glenn Kriewald, reporter; and Mike Riff, sentinel.

A group of Ag I boys with their completed name signs.

Robert Harrison and Andy Gilliam are shown chaining a metal hay rack frame to a trailer to carry home. This trailer was built by Richard Fournier and Andy Gilliam mostly. They had some help from some of the other Ag II boys.

Capt. Hutzler receives awards

GLENDAL, Ariz. -- Captain Michael J. Hutzler, son of Mr. and Mrs. Oscar L. Hutzler, LaCoste, has received his second award of the U.S. Air Force Commendation Medal at Luke AFB, Arizona.

Captain Hutzler was cited for meritorious service as senior director of the 743rd Aircraft Control and

Warning Squadron at Campion Air Force Station, Alaska.

He now serves at Luke as weapons controller for the 4629th Air Defense Squadron, a unit of the Aerospace Defence Command.

The captain graduated in 1965 from Medina Valley High School in Castroville and received his bachelor's degree in business administration in 1969 from Texas A&I University.

He was commissioned in 1970 upon graduation from Officer Training School at Lackland AFB, Texas.

Saathoff reunion is June 9

The descendants of Folkert and Regina Hardt Saathoff will hold their annual reunion Sunday, June 9, at Hondo City Park.

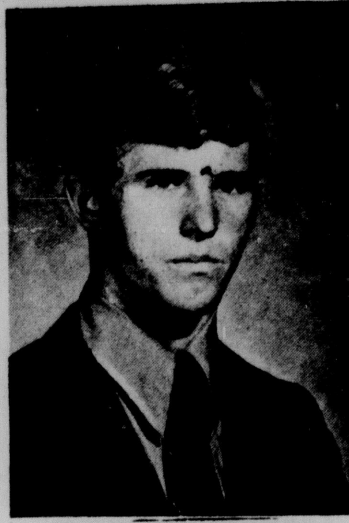

A covered dish meal will be served at noon. Each family is asked to bring enough food to supply

needs. Coffee, tea, and ice will be furnished, along with paper plates, cups, napkins and silverware.

Families are asked to tell other descendants of the Saathoffs about the reunion, as cards are not being sent to everyone. See you there!

It's been a good year...

Several of the 1974 graduates of Hondo High School have been awarded monetary scholarships from various organizations.

Gary Saathoff received the Opportunity Award Scholarship amounting to \$500.

This scholarship is awarded by Texas A&M University. Gary's future home. Gary also received a \$100 scholarship presented by the Hondo Young Farmers Association.

Joining Gary at Texas A&M will be Martin Timmerman who received a Student Aid Grant of \$350.

The Hondo Lions Club awarded Bobby Cox a \$500 scholarship. Bobby is undecided about the college he will attend, but he assured me the money would be put to good use.

Rhonda Hare also received a \$500 scholarship award from the Winter Garden Texas Exes Association. This money is designated for Rhonda's use at Texas University in Austin.

The American Legion Auxiliary, Hal Jones #128 gave their 1974 scholarship to Theresa Nira. This \$82.50 will be for Theresa's use at the college of her choice.

Dottie Woolls is the recipient of the Little

Sister Award sponsored by the Young Homemakers of America. The amount of this scholarship is \$50.

Dottie also received the Delta Kappa Gamma Society for Women Educators Scholarship of \$200.

As 1974 Valedictorian she also received the Valedictory Award that pays her first year tuition at the school of her choice.

Dottie plans to head for Stephen F. Austin State University this fall.

Finally, two of our 1973 Senior Owls received football scholarships for next year.

Doug Helvey received a

full scholarship to Southwest Texas State University in San Marcos. This full scholarship will meet all Doug's expenses to the point of paying for his laundry.

Charlie Britsch will be playing for the Texas Lutheran College Bulldogs on the partial scholarship he received from TLC.

All in all it has been a very good year for the 1974 Hondo High seniors.

Those of us remaining here at Hondo High congratulate them and wish them the very best of luck.

Yancey grads to reunite

The 1934 graduating class of Yancey High School will have a class reunion at the Yancey Methodist Recreation Hall on Sunday, June 9, 1974.

The class' high school teachers and parents will be honored guests at a catered luncheon and class get together from 11 a.m. until 3 p.m. Friends, relatives and others are invited to come visit from 3 p.m. to 6 p.m.

The following graduated at that time: Beulah Faseler, Pearl Ward, Lillian Wiemers, Earl Berry,

Henry Faseler, Marvin B. Muennink, Alton Oefinger, J. C. Wiemers and Lawrence Wilson.

"A middle-of-the-roader is a man who sees two sides to every issue and neither one is his own."

Up, down the thermostat

When people consider energy conservation at home, their first thought is almost always of a thermostat being turned down to save fuel during the winter months. Although the cold season is now behind us, the need to manage our energy supply is becoming increasingly important. And, as the weather swings from winter cold to summer heat, we all have to reverse our thinking—turning the thermostat up, not down, to save energy.

According to the Electric Energy Association, it's not too early to get your air conditioning system in shape so that it can do its job more efficiently when the warm weather arrives. In fact, better now than later when servicemen are busy and materials run short.

Cleaning or replacement of a dirty air filter is first on the list of air conditioner preparations. A filter clogged with dust won't let air flow through it. As a result, your air conditioner has to work much longer and harder to provide the cool air you want.

Don't try to do without filters, however. If the filter is not in place to stop airborne dirt, the cooling fins can become clogged with dirt and it's a major job for a repair man to get them clean again.

Make sure motors are oiled. Most window units have bearings on their motors which are lubri-

cated for life. But central units often have two motors which need oil, the one on the blower, and the one on the fan which circulates air over the condenser coils outside the house.

Have your service man check the charge of refrigerant gas in the system. Too much or too little gas in the system can reduce its efficiency drastically and impair the cooling power. Also, have him check the fan belt tension. Power can be transmitted from the motor pulley to the blower most efficiently if the belt tension is correct.

Be sure that the finned surfaces of the condenser (located outdoors) are clean and free of leaves, mud and dirt. To make life even easier for your air conditioner, consider building a fence or planting a tree near the air conditioner to keep it in the shade. When it works cooler, it cools better.

As the warm season approaches, start thinking in terms of keeping the thermostat set a little bit higher than usual. Each extra degree of coolness you require adds about 5 percent to the cost of operating your air conditioner.

With the thermostat set a few degrees higher, and a properly maintained cooling system, you will be doing your share to conserve energy—and you can still be comfortable all summer long.

Elderly still need basic 4

To make sure he gets proper nutrients, an older person's diet should include foods from each of the Four Food Groups—in the recommended amounts.

For example, he needs two cups of milk or other milk group foods each day. Also two servings of meat or meat substitute, four servings from the fruit and vegetable group and four

servings from the bread and cereal group.

For in-between meal snacks, choose foods from the daily Four Food quota, she advised.

Fresh fruit, cottage cheese, milk, crisp raw vegetables, yogurt, spiced hot tomato juice or a slice of cheese on rye bread offer tasty, nutritious snacks—plus being convenient.

Packaged pastries and candies, in contrast, "eat up" calorie allowance quickly but furnish little nutritional benefit, Mrs. Bippert said.

So, for best health during aging, cut out calories carefully, the agent emphasized.

The Four Food Groups should be basic to a person's eating plan.

Governor Briscoe has proclaimed May as Older Americans Month and the elderly still need the Basic Four Food Groups.

Although a person's calorie needs decrease as he ages, he still must take in proper nutrients, Mrs. Gaye Bippert, County Extension Agent, notes.

Historical Turning Point

The great turning point in North American Indian culture is believed to have occurred over 7,000 years ago when seeds formerly collected for food were first saved for planting.

Phaneuf honored by A.F.

Senior Master Sergeant Raymond H. Phaneuf, husband of Mrs. Joy Phaneuf, daughter of Mrs. Velma Balzen retired from the United States Air Force after completion of 23 years of active service.

Sergeant Phaneuf was presented the Meritorious Service Medal for his numerous contributions in the design and acquisition of aircraft systems. Mrs. Phaneuf was presented a certificate of appreciation by Brigadier General William R. Nelson for her many years of devoted and faithful support of Air Force activities. The Phaneufs will reside in Tabb, Virginia, where he has accepted a position with Deutsch Co. out of Los Angeles, California.

Property

owners wait on fire ant bait

AUSTIN -- Texas property owners in Medina County who are planning to obtain the mirex fire ant bait through the Texas Department of Agriculture at the request of their county judges will have to wait 30 to 60 days before receiving any supplies of the chemical.

Agriculture Commissioner John C. White has advised that supplies of the mirex bait are depleted statewide due to a shortage of corn cobs, which are ground up and used as the base on which the attractant is applied.

The bait, distributed by hand, is a slow-acting compound that takes 10 to 14 days or longer to kill the ants.

The imported fire ant is a small aggressive insect that packs a painful burning sting. On farms, mounds often cause damage to combines and other agricultural machinery.

Though signs of the ants vary according to soil conditions, they usually can be recognized by their mounds which range from six inches to three feet in height and up to two feet wide. They currently infest 60 Texas counties, most heavily in the east but also as far north as Denton and as far south as Nueces.

Texans take training 1850 strong

AUSTIN -- With the final training sessions in the use of the M-44 predator control device scheduled to be completed this week, more than 1850 Texas ranchers have already received permits to use the cyanide spring ejector for the control of coyotes.

Ranchers in 44 counties have been attending training schools to learn the proper use and techniques of the control device. The experimental program is being administered by the Texas Department of Agriculture in cooperation with the Environmental Protection Agency.

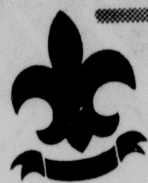

Entex offers booklet on gas supply

To help alleviate any concerns about natural gas supply, Entex, Inc. (formerly United Gas) is offering its customers a booklet explaining a number of important facts about the company's gas supply situation.

Primarily, the booklet explains why residential customers of Entex face no gas shortage problem. According to the booklet, residential customers use only approximately 7 1/2 percent of all the gas consumed in the three states where Entex operates, and priority systems established by regulatory authorities assure these customers top priority on gas supplies.

The booklet also includes information on appliance efficiencies, and tips on helping conserve natural gas. The booklet is available from any Entex office or will be mailed to customers requesting copies.

SCOUTING NEWS

Scouts of St. John Scout Troop 219 are busy making plans for summer camp June 16-22 at Bear Creek near Hunt.

Troop 219 spent the weekend on a campout on the Fred Bader ranch on May 17-19. Scouts participating were Jamie and Rene Sanchez, David Weynand, Rodney Heiligman, Richard Martin, Chris and Douglas Cole and Craig Heath. The Troop was under the direction of Mark Heath, James Schoellman, Juan Sanchez and Scout Master Jack Heath for the weekend.

Troop 219 assisted in parking cars and the sale of sodas at Museum Day held at the Hondo City Park. Scouts also made bird houses which were sold Museum Day.

Scouts earning merit badges are Jamie Sanchez, three citizenship badges; Richard Martin, home repair; Rodney Heiligman, fishing; Chris and Douglas Cole, fire prevention and music; Craig Heath, camping, safety, personal fitness and citizenship in community. This completes Craig's qualification for Eagle Scout.

Scouts receiving the Plar Bear Award were Jamie and Rene Sanchez, Chris and Douglas Cole, David Weynand, Brian Boon, Brian Bader and Richard Martin. These same Scouts participated in the Tejas Valley Spring Rain-a-ree in April bringing home a Troop Ribbon of proficiency. Eagle patrol under the direction of Patrol leader Jamie Sanchez won a first place ribbon in contest. The Owl patrol under the direction of Chris Cole won first place on patrol flag and camp site; and a second in contest.

Adults in charge were Scout Master Jack Heath and Juan Sanchez for the

CENTER . . . of attention in this picture is Don Rains of San Marcos, who is seeking the 45th District Legislative position being vacated by John Poerner of Hondo. Talking with Rains and assuring him of their support in the June 1 runoff election are Lloyd Hardt, left, and County Judge Jerome Decker. Rains carried the county in the May 4 primary election.

Rains came to Medina County just in the nick of time (again) early on Sunday morning May 26. The showers, though spotty, measured up to 2 inches in some portions of the county.

They totally surprised the noted Taylor-Chapman Service by arriving fully 24 hours before their associated early morning moon change. The change was set for 7:03 Monday morning, but the faucets turned on early. This is OK, reports Doc Taylor, T-C spokesperson. "It's this new modern communications system," Doc allows. Used to be, news traveled by horse and wagon.

Mailed any letters lately, Doc?

"Now comes June of 1974 and the Taylor-Chapman Service will again go along with the average-or-better, and here are the dates.

Between June 1 and 3; June 11 and 15; 20 and 24."

These are based on records, not moon changes, cautions Doc.

Rev. George Stuebben honored

WHEN HE CELEBRATES . . . everybody celebrates! Father George Stuebben, pastor of St. John's Catholic Parish in Hondo, celebrated his 20th anniversary in the priesthood Tuesday evening at the City Park. On hand were a few hundred fellow celebrators, including brother Rev. Larry Stuebben of Castroville's St. Louis Parish and other fellow priests. Your help is needed in cancer research

Once again there is a hopeful theme for the American Cancer Society's May Crusade: "We want to wipe out cancer in your lifetime."

Is there substance to this hope? The trend over the last four decades shows that there is a real basis for cautious optimism. In the late thirties less than one in five cancer patients was being saved. Twenty-five years ago it was one in four. And today one of three who get cancer is saved.

Medical experts believe that with present methods of treatment one out of two cancer patients could be saved, providing detection and treatment come in time.

Advances in the treatment of cancer have come from research and improvement of surgical and radiation therapy. In a slow but steadily growing number of cancers, drugs have been effective.

But there can be little difference of opinion about what is needed for the final conquest of this ancient enemy of mankind. The scientific effort has to be broadened and stepped up. This means more money is needed for brain

power and manpower, more equipment and research facilities.

When an ACS volunteer comes to your home in May, remember the goal: "We want to wipe out cancer in your lifetime."

FHA OK's loan

WASHINGTON -- Senator John Tower, R-Texas, today announced that the Farmers Home Administration has approved a \$158,000 loan to the East Medina Water Supply Corporation to complete the funding of a project for expansion of its water system in rural Medina County. The agency previously approved a \$167,000 loan financing for the project to add service to 109 homes, farms, and other connections.

Riley golf event held

The annual E. V. Riley Membership Golf Tournament was held at Hondo Golf Course May 18-19.

Mansey Grantham won the Club championship with a 153 gross score, and Paul Glowka captured the Championship Flight with a 136 net score.

Gross scores were used over the 36-hole tournament to decide Men and Women's Club Champions. Net scores determined flight winners. Ladies Club Champion was Evelyn Winkler with a 167 gross. Mrs. Winkler also won the Ladies Championship flight with a net score of 145.

Seventy-five members participated in the tournament.

After play was completed Sunday, everyone enjoyed a big beef barbecue with other refreshments.

Trophies were awarded by Tournament Chairmen Milton Renken, John Boon and Col. E. V. Riley.

At the annual membership meeting Tom Mitchell was elected the new Club President, replacing this year's chairman, Charlie Chapa.

Flight winners and runners-up are as follows:

MEN'S DIVISION
Championship Flight: winner Paul Glowka, 136; Runner-up Bern Yanity, 140.
First Flight: winner Art DeCock, 143; runner-up Milton Renken, 146.
Second Flight: winner Ed Giles, 143; runner-up Felix Reyes, 146.
Third Flight: winner Albert Lopez, 143; runner-up Reynold Keller, 143. (Lopez won in the first hole of a sudden-death playoff against Keller.)
Fourth Flight: winner Bill Brewer, 138; runner-up Gerald Adamietz, 143.
Low Putts: Bob Abbott, 59 total.

WOMEN'S DIVISION
Championship Flight: Evelyn Winkler, 145.
First Flight: Sue Ann Graff, 157.
Second Flight: Carolyn Padon, 154.
Low Putts: Evelyn Winkler, 67 total.

Rodeo improvements made

Rodeo fans who attend this year's Medina County Rodeo on June 7 and 8 will find an even more modern facility than last year's.

Final preparations are being made in the new box seat section on the west side of the arena atop a large built-up area.

The new arrangement gives a better view of the action to all viewers, and especially those in the new, front-row armchair seats of the box section.

The new improvements join last year's project, the rest rooms and dance slab, in making the Medina County Arena one of the best in the area.

E. V. RILEY TOURNAMENT WINNERS . . . on May 18-19 include this group front row, [l-r]: Mansey Grantham, Club Champion; Evelyn Winkler, Women's Club Champion and Championship Ladies Flight winner; Carolyn Padon, Ladies second flight winner; Ed Giles, second flight winner. Back row: Bern Yanity, Championship Flight runner-up; and Paul Glowka, Championship Flight winner.

D'Hanis extends lead in Highway 90 League action

Highway 90 baseball action continued into its second quarter Sunday with Pearsall's Tigers defeating the Hondo Eagles, and D'Hanis' Cardinals downing the Medina Valley 90's.

Hondo fell to a 1-2 record Sunday at the hands of Pearsall as the Tigers outscored the Eagles 12-0.

Castroville met Charlotte, but scores of that game were not received at press time.

D'Hanis leads the league at 4-0, thanks to their win over Medina Valley, which now stands 2-1 for the year.

Sunday Hondo will play in Charlotte, Castroville's

Giants will be at D'Hanis, and Pearsall will play at Medina Valley.

The D'Hanis Cardinals retained their hold on first place with an 11-7 victory over the Medina Valley 90's Sunday in D'Hanis.

Trailing 6-2 in the fourth inning, the Cards unleashed a hitting attack started by Chris Finger's leadoff solo home run. An error put Chuck Burrell on base, then Johnny Zinsmeyer and Greg Rothe singled and Rusty Attaway doubled. Still leading 6-5, '90's pitcher Maxie Groff passed Walt Rothe to lead the bases. But next batter Charles Rothe smashed a grand slam homer over deep center field to give D'Hanis the lead at 9-6.

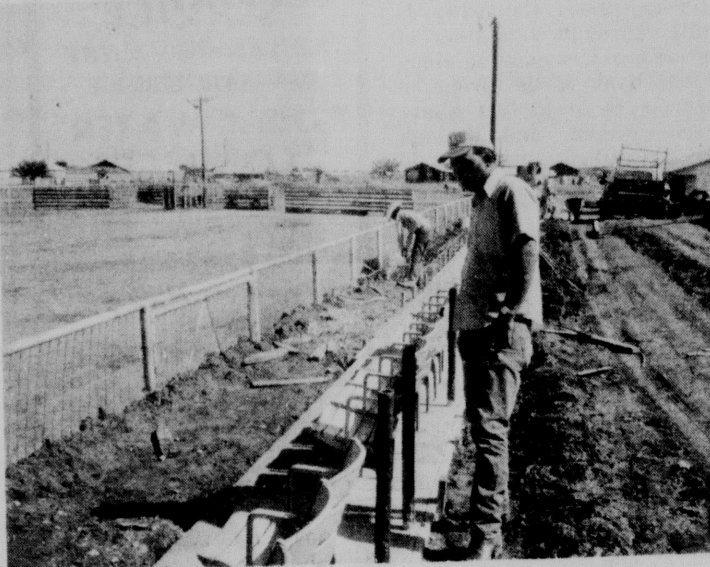

Walt Rothe added his own 2-run homer in the sixth to cap off the D'Hanis scoring.

Walt also received credit for the win, going all nine innings for D'Hanis. He struck out seven while walking seven.

Maxie Groff absorbed the loss for the 90's. He and 6th-inning reliever Jerry Burrell combined to strike out four Cardinals and walk five, two of those intentionally.

D'Hanis gathered ten hits, to eight for Medina Valley. Leading the D'Hanis hitters was Charles Rothe, with a single and a grand slam homer. Johnny Zinsmeyer hit a single and double; Greg Rothe had two singles; Chris Finger and Walt Rothe each had home runs; Rusty Attaway had a double and Chuck Burrell a single.

Leading batter for the 90's was Bill Bippert, with a triple and a double; Roger Boehme and Ralph Hoog each rapped two singles; and Glynn Tschirhart hit a double.

NEW BOX SEATS . . . will give a much-improved view of the action at the Medina County Rodeo Arena for this year's performances June 7 and 8. Here Bobby Ward checks out some of the new seats as a crew continues the installation in the background.

Outdoors 'n' things

By L. D. Nuckles

A great many of us will be camping this summer -- it's getting to be the national past time. A great many pleasant things can happen when we're camping but one unpleasant thing we should be aware of is the possibility of encountering rabid wild animals. Rabies is a year-round disease that is quite common in Texas wildlife. In some

years almost a thousand confirmed cases are reported in the state.

Some logical precautions should be second nature to the outdoorsman, and he should be sure that it becomes second nature to these children as well. One should never attempt to catch or handle wild animals. If you can catch them there is very possibly something wrong with them, and it could be rabies. Never have anything to do with friendly wild animals. Any wild animal that acts friendly to man is bound to have something wrong with it. A fox or skunk, or any other wild animal, that wanders into your camp and appears to have no fear of humans could quite possibly be infected with rabies -- this is one of the symptoms, no fear.

If bitten by an animal, cleanse the wound and seek medical attention. Try to kill or capture the animal involved so that it can be examined to see if it is a rabid animal. If killing the animal for this purpose do NOT shoot it in the head. The brain tissue is what is needed for the examination. Keep the carcass cool but not frozen.

Only about 20 per cent of the persons bitten by a known rabid animal will contract the disease. There are only about 30 cases of rabies in humans diagnosed in the United States each year, but remember, rabies is a fatal disease. Once you contract it, you die. I only know of one case where it was confirmed that the patient had rabies, and the patient survived.

Prompt medical treatment after exposure can prevent the disease. A great deal has been said about the terrible pain of the treatment. I understand that it's nothing like as bad as it once was -- but everyone agrees that it's still no picnic. Regardless of this, the pain of the treatment is nothing like as permanent as being dead.

There are many other diseases that can be transmitted to man from wildlife. With this in mind, look with a jaundiced eye at any animal that acts peculiarly or looks sick. Insects, especially ticks and mosquitos, transmit many diseases so use plenty of repellent and keep these pests away.

Like so many other things, avoiding diseases that are carried by wildlife requires just a little bit of knowledge and a lot of common sense.

Swim pool to open

Don't forget Saturday is the opening day for the Hondo Municipal Swimming Pool.

Operator Clayton Woolls says hours for the pool will be 1-8 p.m. Tuesday through Saturday, and 1-7 p.m. Sundays. The pool will be closed Mondays for maintenance.

One-time swimming prices will be 40 cents for adults, 25 cents for children under 8.

Season passes will be available for \$8 for adults, \$5 for children.

Correction

Score an error in the book for the Anvil Herald sportswriter, folks.

In the first game against Hebronville, our sources had credited an error on centerfielder Bobby Cox, which error cost a couple of runs. Bobby did play center field in that game, however the error was not on him.

The ball wasn't even hit to him. It was to Alex Mendoza, who did commit an error.

The game was played in Hebronville on a Wednesday afternoon, and the Anvil Herald had no writers at the game due to the heavy press schedule.

Anvil Herald regrets any confusion the incident may have caused.

SPORT FACTS

Ralph Hauger

The New York Yankees are not enjoying their visits to Fenway Park, the home of the Boston Red Sox. Their record shows they have captured only one decision and lost 16 in Boston since of August of 1972.

People who bet on "Hudson County," second finisher in the Kentucky Derby, received \$4.40 for each \$2 bet. In New York at the off-track betting offices they received \$28 to place. Reason for the difference is that Hudson County was grouped with nine other horses in the mutual field at Churchill Downs.

See us first for exceptional values for the entire family.

If you don't vote this Saturday, the San Antonio political machine will elect their candidate for U.S. Congress.

If you DO vote, we can have a conservative minded congressman who will represent ALL the people of the 21st district.

Unlike Nelson Wolff, the San Antonio political machine's candidate, **BOB KRUEGER** is a man from our part of the district. Bob is from Comal County and as a boy his family taught him to be an honest, hardworking, and conservative minded man.

Coming from Comal County, Bob Krueger knows what it's like to want a representative who will not forget the people outside the very large metropolitan areas. **BOB KRUEGER IS COMMITTED TO REPRESENTING ALL THE PEOPLE OF THE 21ST DISTRICT.**

Krueger is a straight shooter and has taken a stand on every issue:

- FOR a balanced budget
- FOR the right to work
- FOR a strong national defense
- FOR maintaining all our local military bases
- FOR predator control
- FOR a tough anti-crime and drug abuse program
- FOR an agricultural policy which encourages rather than discourages production
- FOR a fair share tax plan
- FOR oil depletion allowance
- AGAINST Federal Land Use policies
- AGAINST forced busing
- AGAINST general amnesty
- AGAINST gun control
- AGAINST wage price controls
- AGAINST metro-government
- AGAINST a national socialized medicine program

Bob Krueger, like Gov. Coke Stevenson, knows how important it is to have a congressman who'll represent us, not forget us.

Vote against the San Antonio political machine.

There is a difference in canning methods, Bippert says

By Gaye Bippert
Medina Co. Ext. Agent

Have you wondered about the difference in water-bath and pressure cooker processing of foods in home canning? The water-bath method is used for processing fruits, pickles, and tomatoes and is done using a pan with a lid and rack. The rack is used to hold the jars off the bottom of the cooker. The pan is large enough to cover the jars with one to two inches of water, so that the jars are surrounded with boiling water. The lid is used to help retain the heat. The acid in some fruits and vegetables helps prevent the growth of some bacteria which is the reason the water-bath process can be used. However, low acid fruits and vegetables must be canned using the pressure cooker. The spores (seeds) of some bacteria are highly resistant to heat, which makes it necessary for them to be destroyed by high heat. This is accomplished with the pressure cooker.

What are foods processed by these methods? The water bath is used for such foods as peaches, plums and tomatoes. The pressure cooker is used for such foods as beets, peas, corn, beans, greens and okra.
